2018 Statewide School Bus Stop Arm Violation Count

As you know, a big part of school bus safety is protecting kids outside the bus. So that we may have ongoing data for education purposes, legislative review and for *your* use, it is important that each LEA participate in this year's statewide count of stoparm violations. Data from the previous years was used on a segment by Dateline NBC in a national story that featured North Carolina school buses and is used annually in our partnership with the North Carolina Highway Patrol as they conduct OPERATION STOP ARM. Please copy and distribute the data collection sheet to all drivers. Please tally the results after March 21st on the form below and **submit results here:** https://ncvps.qualtrics.com/jfe/form/SV_1BoytqJJr1O3OId by **April 6, 2018**. Thank you very much for your cooperation.
